

## CONFERENCE CHAIRMAN'S WELCOME

Dear rheologists, dear colleagues, dear friends,

On behalf of the Organizing Committee of AERC 2011 I would like to thank you for coming to Russia to participate in the main European rheological event of the year. Many scientists from all over the globe take part in the Conference in spite of its European format. My imagination of the scientific program is very positive: all areas of Rheology will be touched in the Conference sessions, and everyone will be able to meet personal needs and interests during AERC2011.

Welcome to Russia, to the ancient town Suzdal, and I hope that the Conference will be a great success and your stay here as pleasant as possible.

Human contacts, discussions on various topics - and not only the scientific ones - are very important for feeling each individual as a part of the large rheological family. This branch of science unites us, and I wish to RHEOLOGY prosperity now and in future! Good luck to all participants in the field of development of novel rheological principles and approaches!

Chairman  
Prof. Valery Kulichikhin

## CONFERENCE ORGANIZATION

### Organizing Committee
